Total Order: \$			_____

- 1 Premium Cypress Mulch:** A light colored mulch that will have a red or orange cast. Cypress breaks down slower than many other types of mulch.
- 2 Hardwood Mulch:** Hardwood mulch is a double processed product that is dark in color with a natural appearance. It tends to accent most plants better than some of the lighter colored mulches. This mulch will decompose and break down faster than other mulches and acts as a natural soil conditioner.
- 3 Ultra Hardwood Mulch:** This is a triple processed hardwood product that is darker in color and finer in texture than regular hardwood mulch. It is a very easy product to work with.
- 4 Absolute Black Hardwood Mulch:** This is a color-enhanced mulch. The product is a shredded hardwood that has been colored black. The mulch appears more vibrant and the color lasts much longer than regular hardwood mulch.

THANK YOU FOR HELPING THE LIONS HELP THE BLIND
